I'm a multilingual professional in training as a data analyst and visual content creator with a social focus. I'm interested in collaborating on initiatives that use data to tell meaningful stories, raise awareness, and create social value. I'm seeking remote opportunities where I can continue learning, contribute creatively, and grow as part of a team.

EXPERIENCE

Data Analysis Intern | Reinventa SRL

Remote Work May – June 2025

- Development of data models and dashboards in Metabase for clients in the telecommunications sector.
- Creation of custom visualizations using SQL and structuring of key performance metrics.
